

# MINERAL AGGREGATE

**COMMERCIAL SOURCE/DELIVERED SUBSTANTIALLY IN PLACE:** requires prevailing wage rates for the entire haul.

**COMMERCIAL SOURCE/STOCKPILED** (requires further transporting by truck):  
prevailing wage rates do not apply.

**ALL OTHER SOURCES:** requires prevailing wage rates for the entire haul.

Sand (used for granular subbase, granular backfill, or structural backfill), gravel, crushed stone, crushed/screened recycled concrete, crushed rock, breaker run, slag, screenings, other hard and durable mineral soil or rock fragments or granulated materials.

## NON-MINERAL AGGREGATE

**NON- DEDICATED SOURCE:** prevailing wages must be paid for the time spent on the site of work.

**DEDICATED SOURCE:** prevailing wages apply to all work performed by laborers, workers, mechanics and truck drivers including, but not limited to, the time spent loading and unloading, waiting and the return trip.

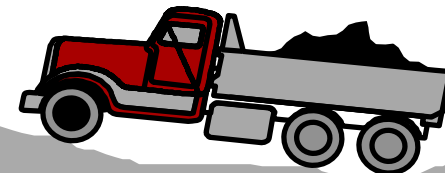

Clay, topsoil, fill dirt, silt, boulders, riprap, wall stone, loam, gumbo, loess, peat muck, hardpan, soils or mixed earth containing scattered rock and vegetative materials.

## MANUFACTURED OR PROCESSED MATERIAL

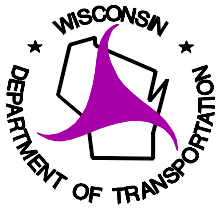

**COMMERCIAL:** prevailing rates do not apply.

**NON-COMMERCIAL, NON-DEDICATED:** prevailing wages apply for the time spent on the site of work.

**DEDICATED:** prevailing wages apply to all work performed by laborers, workers, mechanics and truck drivers including, but not limited to, the time spent loading and unloading, waiting and the return trip.

Concrete, ready-mix, asphaltic concrete pavement, asphalt, mastic, mortar, plaster, macadam and similar processed or manufactured materials.

## How to determine when the prevailing wage applies to truckers

Several things need to be considered. Is the source of material:

1. Commercial- an established place of business providing materials for sale;
2. Non-dedicated- provides material for other than WisDOT projects;
3. Dedicated- provides material exclusively for a WisDOT project;
4. Substantially in place- mineral aggregate that is immediately incorporated into the work. Material that is stockpiled or further transported by truck is not substantially in place;
5. Stockpiled- a supply of material accumulated for further use which requires further transporting/moving **by truck** in order to be incorporated into the project.
